COMPANY PROFILE

ABOUT US

Gendum Fix was founded with one vision in mind: to simplify business growth. We bring together genius creativity and even the so-called “dumb” ideas – because sometimes the simplest ideas spark the biggest results. By blending strategy, technology, and fearless thinking, we deliver solutions that aren’t just attractive but genuinely effective. Whether it’s elevating your digital presence or streamlining your back-end operations, our team is dedicated to making your business journey smoother, smarter, and more successful.

OUR EXPERTISE

At Gendum Fix, our expertise lies in blending strategy, creativity, and technology to craft solutions that truly drive growth. From targeted digital marketing campaigns and impactful social media strategies to sleek web design and reliable BPO support, we cover the entire digital ecosystem. Our team combines industry knowledge with a forward-thinking mindset, ensuring every project we deliver isn't just visually appealing, but purpose-built for real business impact. We're not afraid to mix bold, genius ideas with simple "dumb" concepts that often become game-changers – because in creativity, every idea matters.

VISION & MISSION

01

Vision statement

We envision a digital landscape where growth feels effortless, strategies are smarter, and creativity knows no limits. At Gendum Fix, we aspire to become the go-to partner for businesses seeking genuine, measurable, and sustainable success – transforming how companies engage, operate, and evolve in the digital age.

02

Mission statement

Our mission is to simplify digital growth for businesses by delivering creative, data-driven, and practical solutions that actually work. We aim to make marketing, technology, and business support accessible and effective, so every brand – big or small – can thrive in a fast-paced digital world without stress or confusion.

OUR SERVICES

CRM DEVELOPMENT

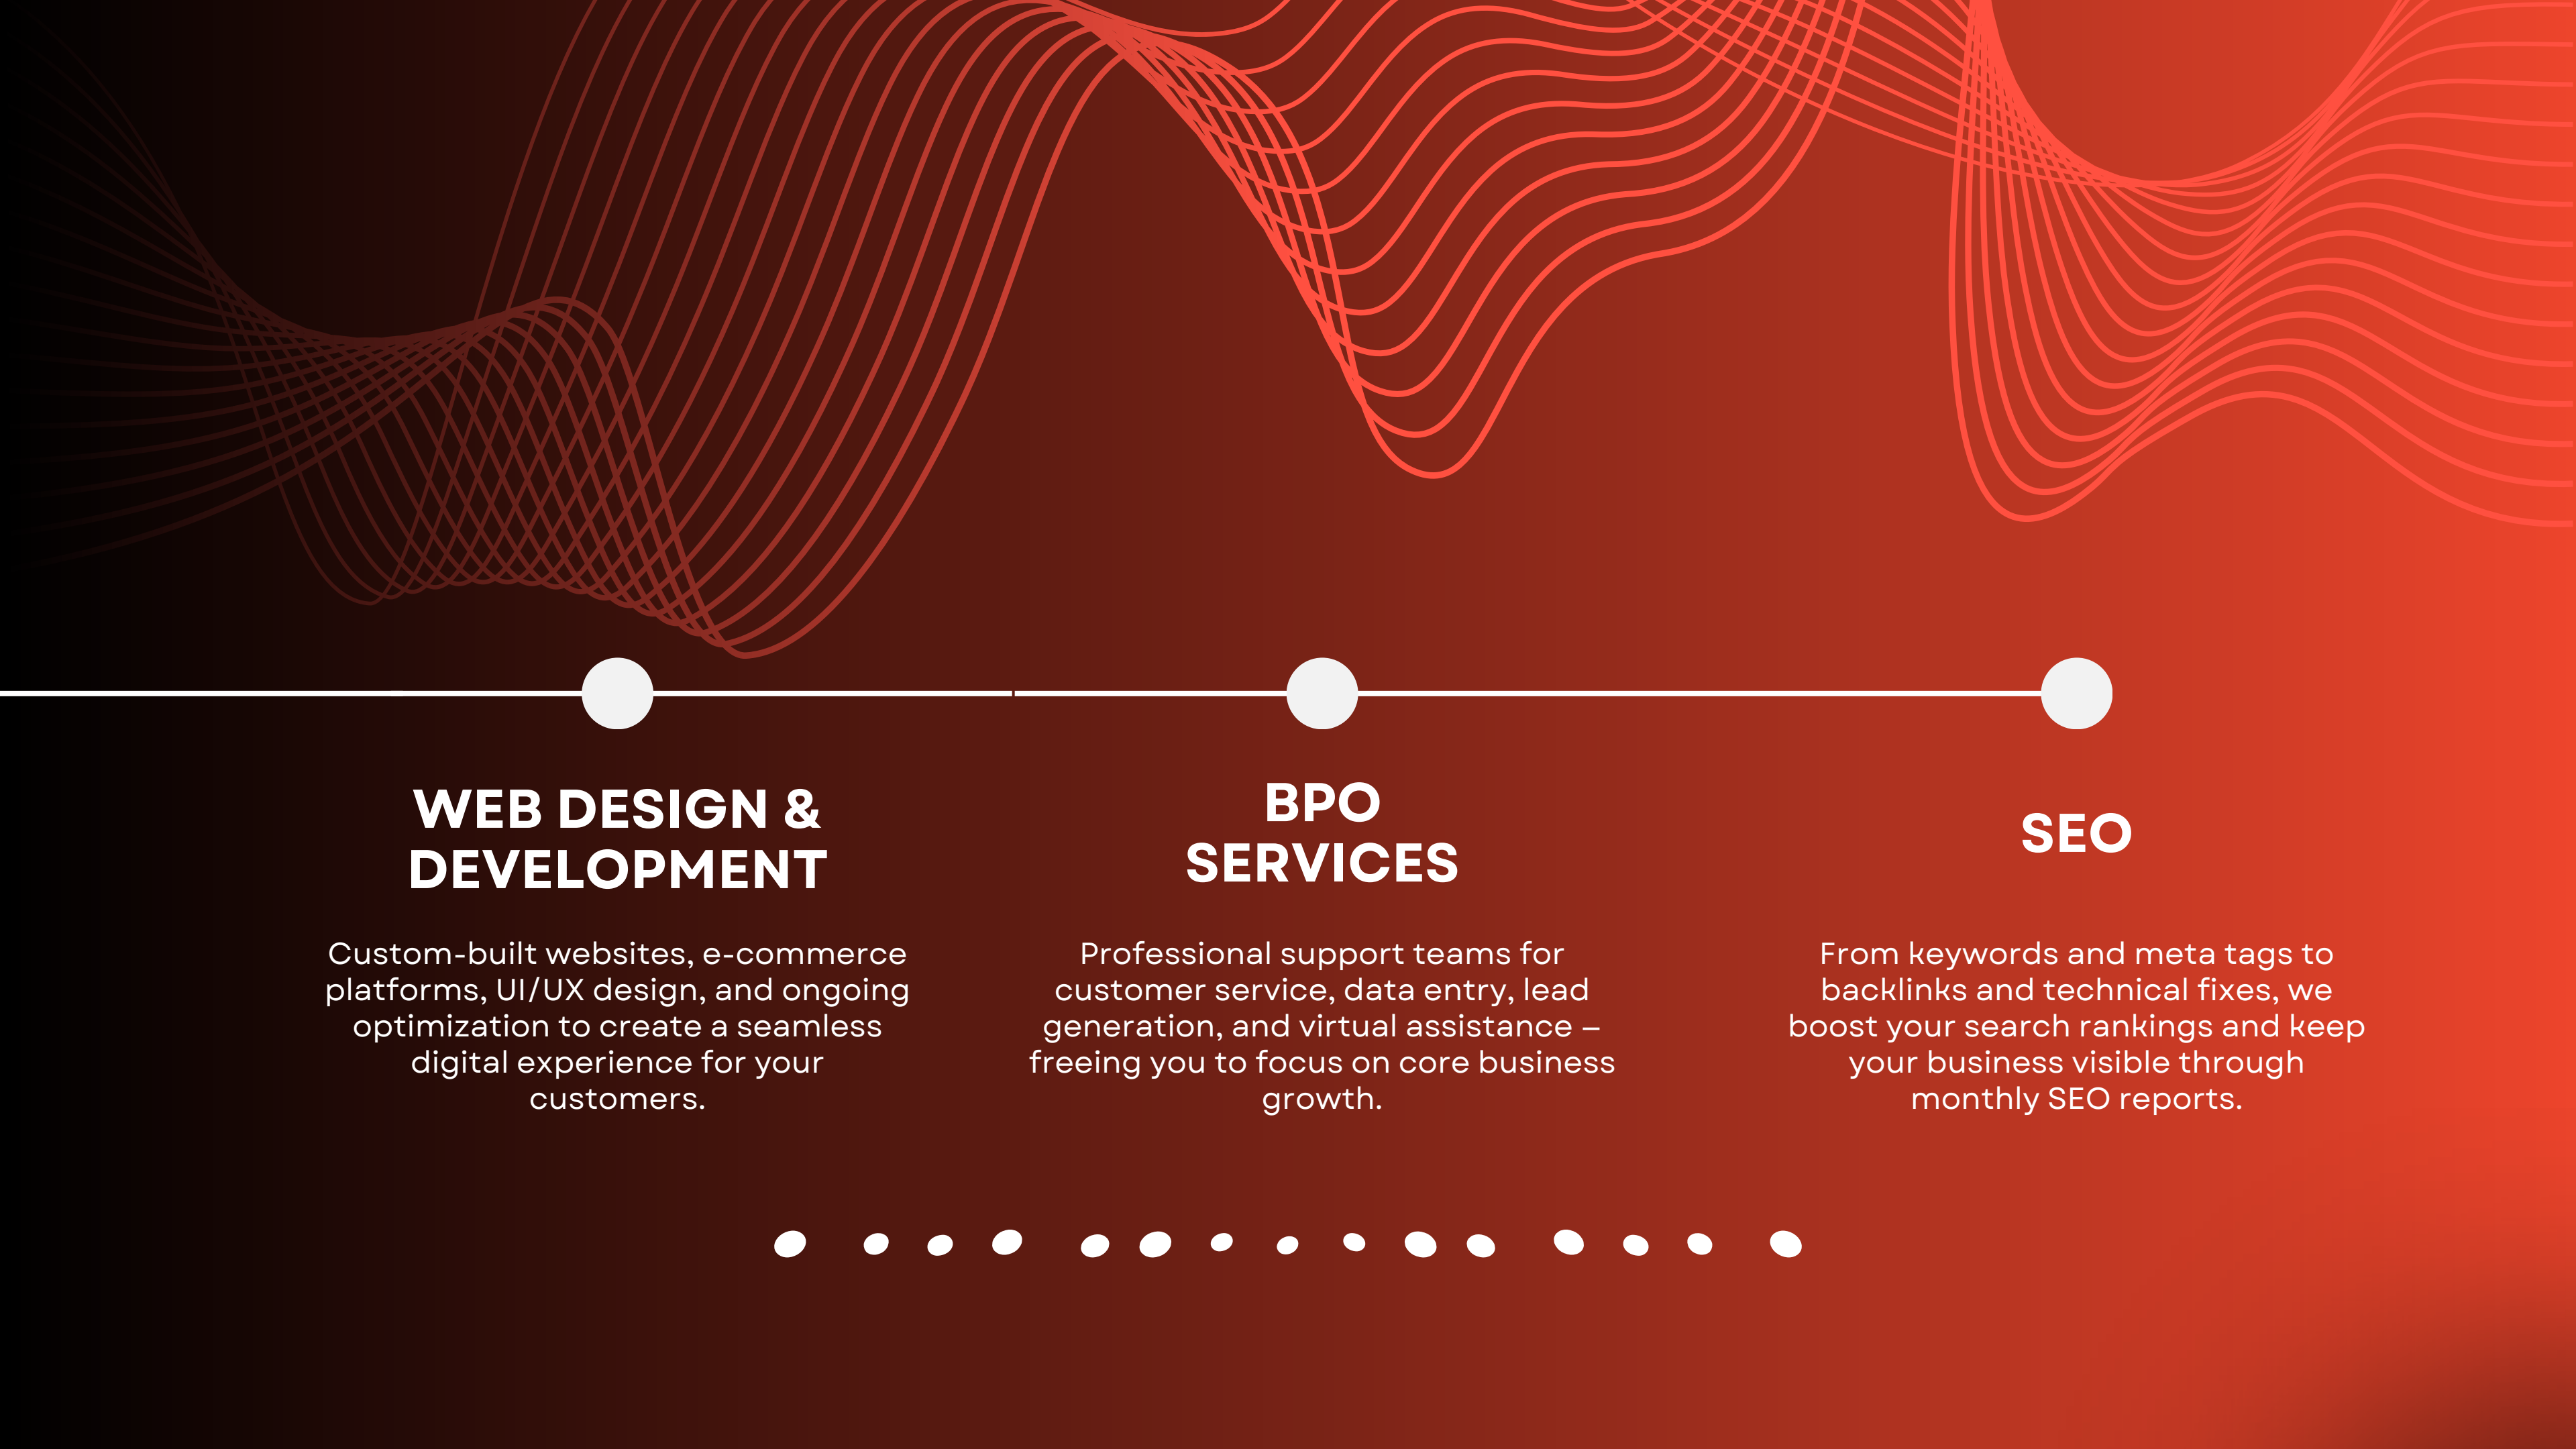

We build custom CRM systems that simplify customer management, boost sales efficiency, and turn data into actionable insights – all tailored to your business.

SOCIAL MEDIA MANAGEMENT

Complete content and account management, community engagement, and data-driven reporting to keep your audience active and engaged.

PPC MARKETING

We set up and manage Meta Ads and Google Ads, run A/B tests, retarget audiences, and track conversions – keeping your campaigns optimized for leads and ROI.

WEB DESIGN & DEVELOPMENT

Custom-built websites, e-commerce platforms, UI/UX design, and ongoing optimization to create a seamless digital experience for your customers.

BPO SERVICES

Professional support teams for customer service, data entry, lead generation, and virtual assistance – freeing you to focus on core business growth.

SEO

From keywords and meta tags to backlinks and technical fixes, we boost your search rankings and keep your business visible through monthly SEO reports.

ADDITIONAL SERVICES

BUSINESS IT & COMMUNICATION SERVICES

We set up business emails, integrate inboxes with your CRM, and provide secure cloud storage and unified chat, call, and SMS solutions – all backed by cybersecurity checks and backup systems.

COLD CALLING

Our trained cold callers use proven scripts and industry-focused outreach to qualify leads, set appointments, and track daily call performance – helping you boost sales efficiently.

VIRTUAL ASSISTANTS

Skilled VAs handle admin tasks, social media updates, CRM management, and calendar scheduling – with flexible hours and industry-specific expertise to support your daily operations.
